

Live.HOMAG: Create your future

Tuesday, 28.09.2021 Solid Wood and Construction Elements

Experience our machines, technologies and production methods in the various application areas and learn all about the benefits that HOMAG solutions offer you. Look forward to exciting expert presentations in which the latest findings, current trends and most important topics will be discussed and don't miss the highlights in the woodworking industry.

7 am **Opening LIVE.HOMAG @ LIGNA.IN Day 2**
Andrew Swanson, Online Marketing, HOMAG GmbH

7 am – 11 am **Deep dive into surface processing: Solutions for moulding, planing and sanding with the highest precision**
UPC+2

This livestream is available in English and the following languages: Chinese & Russian

- Planing:
 - MOULDTEQ M-200
 - Customer Story: Osmo
- Sanding:
 - SANDTEQ W-100, 200, 300
 - Customer Story: Coppes Napanee

Johannes Lang, Productmanger, WEINMANN Holzbausystemtechnik GmbH

Explore timer processing and solid wood production with experts from System TM & Kallesoe Machinery

- Together in Solid Wood
- System TM: Optimization of staff and wood ressources
- Kallesoe:
 - CLT press with high frequency lamination
 - Glulam press line
 - Q-Press for high capacity board production

Jens Kallesoe, Sales Manager, Kallesoe Machinery A/S

Housing production with wood in the highest efficiency - From the classic single-family home to module and multi-story construction.

- The most modern module production in Europe at Lindbäcks

Markus Diebold, Project Manager, WEINMANN Holzbausystemtechnik GmbH
Ola Magnusson, Project Manager Lindbäcks

The Future of Construction – How will the process change?

- Sustainability right from the start thanks to efficient manufacturing processes

Volker Jahnel, Managing Director, SCHULER Consulting GmbH
Christoph Jost, Consulting, SCHULER Consulting GmbH

As flexible as your customers' requirements: Technologies for window, door and stair production

- Window Manufacturing
- Doors with Zero-Joints
- Stair Production and 5-axis machining

Werner Brinkhaus, Produktmanagement, HOMAG Bohrsysteme GmbH
Frieder Schuler, Vice President Northern Eastern Europe, HOMAG GmbH

State-of-the-art: complete solutions for flooring production

- Parquet production line TENONTEQ

Frieder Schuler, Vice President Northern Eastern Europe, HOMAG GmbH

11 am – 3 pm
